

**Introduction...** by our Founder/CEO: R. Anthony H. Rock

## **We Can Change this World!**

Whereas any Earthly distinctions of the “*Human Race*” does not alters from one region of the Earth to another, where Declaration provides equality, equity, and an inclusive description of Human Rights. However, are they issued fairly for all Human Beings; free from discrimination by reason or distinction through identifying a group by Skin Hue (Colour of the Skin), Gender, Age, Sexuality (Identity), Language, Culture or Ethnicity, Disability, Origin or Social Status, Property, Birth, Migration or any other status observed by a Society.

The United Nations, in their current capacity has no teeth in curtailing unscrupulous behaviours of corrupt governments and Evil Doers, who are and reside in ever region of the Earth.

**“To expect bad men not to do wrong is madness.”** (Marcus Aurelius, Meditation)

This madness must be quelled, peacefully, where possible, through enforcement, where necessary. There must be an ending, before there can be a new beginning. A return to any path that leads Mankind to self-destruction benefit no one!

Herein lay the purpose of this august body TRi-E Foundation, working in unison with Business, Politicians, Governments to make safe the Earth for all its indigenous species and inhabitants. The promotion, education, adjudication and the enforcement of Ethical Principles - that equality and the equity of Human Rights and Freedoms; inalienable to each and every Human Being, free from discrimination by any reason or distinction, such as skin hue (colour of shin), gender, age, sexual (identity), language, culture or ethnicity, disability, origin or social status, property, birth, or migration must be guaranteed.

It is clear that the majority of the People of the Earth suffer and do not

benefit from and are deprived of such privilege by flawed regimes of systemic bigotry and discriminating liberties enjoyed with arrogance by those, who claim falsely, ideals of supremacy, superiority, dominance, and power over identified groups. Under these conditions, where are equality, equity and most importantly justice, for all? For Mankind, claimed as created equally, ethical ideals must be installed to include all Earth's human inhabitants.

**There can be neither Superiors nor Inferiors in any ethical understanding of Equal!**

The Corona-Virus 19 bears witness and exposes evidence, as by Spotlight, illuminating blatant inequalities, inequities, and injustices systemic; inadequacies and prejudices that exist across the regions, countries, nations of the Earth. There is need for every Human Beings to address these failures, collectively as equals. Such failures must be corrected, remedied, modified and/or eradicated, if all human beings - born free and indigenous to the Earth will ever see true equality, equity, dignity, sanctity, and respect in the eyes of each other as human beings in every community, state, nation, or country.

No human being is born lesser than or greater than any other human being; neither by reason or distinction of their skin hue (colour of skin), gender, age, sexual (identity), language, religion, culture or ethnicity, origin or social status, property, birth, migration, or other conjured status. Systemic bigotry, prejudice and/or discrimination by reason these distinctions can no longer tolerated.

**1. How does one end Mankind's inhumanity to Mankind?**

**2. How does one stop the Minority from destroying a Majority of the Species?**

These two questions should be tantamount on every mind. However, these are not foremost in the minds of the average individual, where "selfish" is the norm and "selfless" is the unknown.

**"The good of the many outweighs the good of the few or the one," a tenet, well**

known, yet not represented in any Earthly Lifestyle.

Mankind (the Human Race) is ONE - a single Species of many Hues (Colours), divided wrongly into Races (lightest to darkest); a flawed ideology, this social construct to which the claim of superiority and privilege was claimed by those who created it, lacked the moral, ethical, and equitable capacities of Compassion, Mercy, and of Love. They, as Invaders, robbed, pillaged, marauded, and trampled the Earth; discovered, decimated, and claimed as their own, that which was already inhabited.

Setting themselves above other more peaceful Humans, they extracted wealthy from the Earth, enslaved free peoples, enforced labour through the Task-masters whip; set the masses against each other, while they lounged, indolently in presumed luxury. "They are not us, fore they set themselves above humans, they are incapable," were the claims; an illustrated arrogance with unfounded propaganda, that created a system of Bigotry and ignorant hatred - a social construct of unearned status that enabled inequality and inequities, which unjustly plagues the Earth.

Class, Caste and Status - contrived labels created by their flawed social construct; a biased sliding scale from light to dark. Why not from dark to light? It would still serve to the divide inequitably and separate. Those who revel in excess, while the masses wallow in poverty would be bereft of Status, thus. Greed is a disease of the mind; it does not earn; it takes more than it needs; it leaving less or nothing of others. Contrived, who labours without earning.

To curb Mankind's desires for greed, new ethical standards must be established and installed, establishing a truly sustainable existence of all humans inhabiting the Earth. Mankind does not inhabit the Earth alone, neither can they exist without those other Species under falsely claimed dominion. Class, Caste and Status can no longer be tolerated observing its detrimental attributes to human existence.

Wealth in any measure cannot and shall not be a determinant of Superiority,

neither can the lack of wealth be the determinant, by which individuals are considered Inferior. The Haves and Have-nots were born equals; were this an ethical World, they would be treated with equal Sanctity, Respect, Justice and Dignity regardless of Ethnic or Cultural background, where it is observed that all Humans are indigenous to Earth. Superiority can only be determined in the fields of Skills, Talent, Sport and through Peaceful Competition. The Best shall determine themselves by Merits; education, intellect, strength, talent or skill, and individual capability, and never by inherited wealth.

*One must earn privilege; it cannot be claimed by the Unworthy.*

No lack of skin colour nor an abundance of Tan can separate one human being from another or from the Truth, from Respect, Sanctity, or the Dignity of Existence; fore all Humans are equally and equitably sanctified by their Birth. The Welfare of Human existence is the obligation of the Species - Homo-sapiens as a whole. Mankind, collectively are no more than long-term guests of the Earth.

There exists a multitude of diverse Declarations and Charters of Rights & Freedoms, Constitutions and other documents that define categories this flawed social construct has divided the Human Race. Categories that by their very design have created a divisive rift, the segregation, its ignorant hatred, and stereotype discrimination that measures those of lesser fortune versus those of greater fortune.

*"Wealth is no a measurement of Species!"*

Let Truth be realized by the nations of the Earth; a Nation is its people, not its wealthy minority, not its government nor its corporate entities - the nation is the diverse masses of individuals that call that nation: Home. Thronged together, impoverished by a flawed social construct that claims an adherence to ideals of equality; neither realized, never recognized and never actualized by those, who account themselves as authority, in control of that multitude of Innocent lives. Herein lay the flaw in their ideology, in their social construct - Race. They claim all

humans are equals; show us.

*The White Rose holds no authority or control other Roses of diverse colour.*

There are over 200 countries and nations states across the Earth, with varying degrees, ideas and beliefs of what are Rights and Freedoms; forged by the corrupted and by selfish greedy; whose thirst for Wealth, Power and Control keep freedom solely for themselves, dangling hopes of Freedom over the masses - decried as lesser beings. There is no flaw in being Human; the belief that having more money makes an individual more human is ludicrous. Humans can be wiser, stronger, more powerful, but not superior, because they are lazing in a lavish lifestyle of excesses. The truth here:

*Having more only makes the individual Greedy!*

There exists a multitude of miseries; histories of suffering and ongoing issues of Slavery and/or indentured servitude caused by and perpetrated on poor people by morally poor people, who thirst for more. This, by necessity must be brought to a halt, ended and eradicated. That the few invent and perpetrate heinous atrocities on the masses through arrogant stupidity, ignorant hate and an unquenchable thirst: Greed becomes the Issues that need to be addressed.

*“No human has the right to treat another human being in a manner they, themselves would not choose to be treated.”*

The matter here; within Choice and Freewill, which are not singular, but gifts to Mankind; fore they and they alone have the freewill to make a choice. That there are those, who choose immorally and unethically is a matter of Education. How does one change for the better? One must use their Freewill to Choose to be better! Education is the key - one chooses to learn how to be better. Do not squander the Present on the flawed ideologies of the Past seeking a better Future in hope that Greed will just go away. Greed will devour itself and every Earthly Species. None will

gain Peace, until they Educate to Peace.

No human needs suffer at the hands of or through neglect by or through oppression by another human being. This is the most important lesson of being a “Earthlings” have forgotten over the generations. Told, commanded, ordered and educated in stories of flawed ideologies installed by victors over vanquished. That there are those, who prey on the kindhearted, the weak, the defenseless, the destitute and the less fortunate, because of a thirst for wealth, indolent gain or mistaking suffering of others for joy is an aberration. The species should ween themselves of it, but that too is a choice. Whether by defect of Mental Capacity or insane need to be Cruel; learned, shared, and passed down age after age; such practice needs be suspended, permanently.

Excess is no measure of Supremacy, Superiority, Equality nor Equity! Excess is a measure of Greed, and of Greed alone! Greed (Avarice) is the first of Mankind’s mortal enemies and must be avoided. Having more than any other does not make one better, neither does it make one great; it merely makes one Greedy! Greed has but one master - Greed! It consumes in excess, until it consumed itself and all that it feeds on to the extinction of all things. In a World demanding sustainability - Greed is the greatest obstacle that stands in the way.

*Greed is non-sustainable - being all consuming.*

Installed in the beliefs of Mankind’s numerous Religions like those of Christians, Muslims, Judaism and Atheists - Sects, who claim they abide by the tenets of their Bibles, Torah or Qurans; is Peace. These Religions have spawned a plethora of periphery sects, diverse in their ideologies, yet the underlying belief is a singular Ideology of the Equality of Peace. If All Mankind are thus created equal, how does one claim to be fighting for Peace? The two are analogous and conflicting.

*One must end conflict to find Peace, which ends when there is Conflict.*

Beg not, for another to change their Belief, but rather; hold them to the ideology clearly mandated in their Religious Belief - Peace! To find Equity one must first find that, which has been missing from our lives, Truth. Through Truth, one can begin to understand that Equity claimed has been denied to the Majority, by the Minority. If all Mankind are to prosper, they must do so equally and in equitable fashion, regardless of where they are, position they hold, or their belief.

There are Four Ideologies at play in the World; in the Human Psyche and each has its indelible flaws - perpetrated one to another in unceasing proficiency; generation after generation. This will not change unless the Narratives and the human attitudes towards change are alter.

*"No One is an Island, but neither are they alone in Paradise."*

In a World of over 7 Billion individuals, there can no longer be an ideology of "Others," when all humans hold the Welfare of each other in the palm of their hands.

*"Evil triumphs, when good people do nothing;"* it does worse damage, embellished by misinterpreted Freedoms for some and not for others - claiming that theirs is the only Ideology of Existence. Why is Mankind here? Is it to be Wealthy? Is it to be Powerful? Or is it to be Fruitful? All claims aside, none will, none are Fruitful alone; without others, none are Wealthy; none are Powerful, and clearly not everyone is Prospering!

If Mankind is going progress, evolve, they must set new Standards, Ethical Laws, Rules and/or Regulations, they must set in motion an Evolution of Ethics that creates for Mankind - a World both Ethical and Equitable for all its inhabitants. There are no others on Earth that can, where Mankind lives, eats, sleeps, and breathes the same - the ingredients necessary for progress must lead to prosperity to sustain Life.

Observe a multitude Species, that dwells below the surface of the Oceans;

they do not behave as Humans do. Observe each Species that soar among the clouds above; they do not behave as Humans do. No other creatures craves excess, thirsts for wealth or power, yet each knows their equal place in the Cycle of Life. Among Humans, the Cycle is broken, shattered and rendered self-destructive and detrimental to all living creatures, even the Environments suffers.

A Declaration is penned to create new ethical standards and principles that have teeth to bite those, who claim their existence to be more worthy than the equal, ordinary person; a means by which all Earthlings can enjoy and are ensured sustained existence, observing that they are all threatened by any minor group, or percentage of a culture, ethnicity, gender, that claims dominion over the whole, by reason or distinction of their skin hue (colour of their skin), gender, age, sexual (identity), language, religion, culture or ethnicity; disability, origin or social status, property, region or type of birth, migration or other status, while abdicating responsibility for the actions or omission of action by that minor group, percentage, section, culture or ethnicity, or skin hues, being in part or partial member of the collective body known as Mankind.

Mankind today, is an unethical creature struggling for lasting Peace, under failing Rules and Principles that govern some, but not all - never collectively or wholly as One Species. Through equal and equitable education Ethical Rules and Principles to govern collectively behaviour of all Human Beings regardless of any distinction by reason, such as their name, wealth, political stance, class or caste, property; or their skin hue (skin colour), gender, age, sexual (identification), language, religion, culture or their ethnicity, disability, origin or social status, property, or their region of birth, migration, or other status.

*Ignorance is no excuse to the Rule of Law, nor should it be for an Ethical Declaration of Equitable Human Rights!*

*“Mankind is the People; the People are the Nation; the Nations are the whole of*

*Mankind.*" See a Future, were the People are members of a transformed United Nations - the World Ethical Congress of Allied Nations, because W.E.C.A.N. bring Peace in Our Time. In a World of ethical conscience, that no longer describes the lives of innocent people as insignificant, disposable, or lesser, it is time to say with One Human Voice:

***"All Human Lives Matter!"***

Thus, the Declaration herein is a "Living Document" based in ethical purpose and principles disfigures the United Nations in paraphrase, ye shall amend and make equitable, the Rules of Law in every Region, Country, State, and Community, where humans inhabit the Earth, and shall govern human behaviour, and shall be the instrument in establishing ethical ideals and the realization of Truth, Security, Peace, and Justice of its Ethical Purpose and the Principles that are Ethical and Equitable Human Rights.

Simply, the obvious conclusion is the creation of an Ethical Organization to oversee the Ethical Global Social Development - Mankind's Welfare; to discern ethical procedures and principles that create both Peace and Security of all Mankind, no matter where they reside on Earth.

Over 2000 years have passed; 2000 years of unethical behaviour detrimental of the whole, where Mankind is that whole - regardless of Country, Nation, or State - Freedom from Bigotry and Discriminations based on ignorance, hate or prejudged reason; such as skin hue (colour of skin), gender, age, sexual (identity), language, religion, culture or ethnicity, disability, regional origin, political or social status, property, birth or migration ends in "Our" Time!

“No two leaves were alike, and yet there is no antagonism between them or between the branches on which they grow.”

(Mohandas Karamchand Gandhi, n.d.)
